## VOTE FOR EDUCATION.

It is strange that in the new Appropriation Bill, brought forward by the most extravagant Ministry this Kingdom has known, the vote for educational purposes is cut down. The last bill raised some salaries, and since its passage the pay of many teachers has been raised. It requires no great effort of memory to recall the time when the Board of Education was destroyed by an edict from the Cabinet and has not now been reconstructed. This edict was followed, by a considerable increase of salary granted to many of the board-teachers. Since then the number of children of the school age has risen considerably both by natural increase and by immigration, and yet the sums asked for is reduced. We are not suggesting that any one in the service of the fragment of Board of Education is overpaid, far from it, but how the efficient education of an increased number of children is to be carried on by a decreased vote, is one of those mysterious dispensations of the very erratic sort of providence which has of late ruled over this Kingdom, that surpasses ordinary human ingenuity to find out.

That the people, in their capacity of parents or guardians are not indifferent in this matter, is shown by the articles which have appeared in the column of the BULLETIN and in those of our contemporaries, besides letters from correspondents, and above all Resolutions and Petitions brought before the Representatives.

His Majesty the King delivered a telling speech to the natives at Kaimakapili the other evening, and we suppose that the petition of Mr.

Nahinu "that boarding schools for boys and girls be established throughout the Kingdom" was the consequence.

The vote for education as proposed by the existing Ministry is very small when compared with other votes, the civil list for instance, and there are several petitions for exemption from the school tax before the house, let these things be carefully considered by our Legislators, that education is better than imprisonment, or in other words prevention is better than cure.

The Board of Education is incomplete, the Chairman of the Committee on Education is unfortunately absent, it remains for the Representatives to do their best.

## GOLD CURRENCY.

If it is true, as we think it is, that a U. S. gold currency is better for this country than a silver currency, both because of its greater purchasing power, and because it will keep exchange down and make imported goods cost just so much less; and if a silver currency serves to keep exchange high and to place it in the control of capitalists, why is there such reluctance, to come out and oppose the present condition and tendency?

The reasons are in brief these: The capitalists who have introduced nearly a million dollars of silver, and hope to introduce much more silver coin, on future Government loans, desire, naturally enough, to make their profits on such enterprises. Those who are connected in business, or dependent on such capitalists, are afraid to risk anything by opposing them. Others fear that the King will oppose any change to a sound currency, so that any opposition to silver currency would be useless, and others again fear that the time may come when they can't pay what they owe abroad, so that they prefer a currency which is practically useless abroad, and which they think will be more likely to secure extension of credit. We believe that all such reluctance is based on mistaken notions.

## THE LAWMAKERS.

—Birds of a feather flock together.

—A man cannot serve two masters. The present Ministry, and the public good, are two very different masters.

—The ostrich is an animal who, when pursued, conceals its head, thinking because it cannot see that it cannot be seen. Poor fool.

—It is useless to cry peace, peace, when there is no peace. The silver and currency disturbance must be settled, or property values will be shaken to their foundation.

—The Finance Committee are still in the Interior Department. Mr. J. O. Carter began, yesterday, to assist the committee as an accountant. The accounts of the Board of Immigration were submitted to him.

—The manner in which Papa Foreign Affairs gently inclines his head backward, and with parted lips and patronizing smiles, nods sweet signs of approval to speakers who need fostering, is touchingly tender. "Oh, how I love you."

—After the manner in which a "national" coinage has been manipulated and foisted on the country, it is not strange that Representatives look with distrust and alarm upon an attempt to establish a "national" bank. "A burnt child avoids the fire."

—The Attorney General's policy seems to be to throw himself with all his sparkling talents in favor of the side which he thinks will win. On the opium law he waltzed one way, on the liquor question he turned a somersault the other. Such glory is cheap.

—Hon. S. B. Dole made a manly and forcible argument in favor of prohibition yesterday. He commanded the attention of the whole House. It was in marked contrast to the strained jokes and buffonery of the Attorney General upon the subject, which followed.

—Copies of the Report of the President of the Board of Education finally reached the hands of members yesterday. The great and good author of the report made his first efforts in educating the Hawaiians on Lanai, some years since, when he deceived the dear people.

## THE LEGISLATURE

WEDNESDAY, MAY 21.—Continued.

Mr. Baker gave notice of a bill to provide Honolulu with gas.

Minister of Finance read first time a bill to amend Section 5, Laws of 1876, relating to currency. Read a second time by its title and ordered to be printed.

Mr. Hitchcock, that \$10,000 be appropriated for repairs to landing at Hilo. Referred to Committee on Public Lands.

The order of the day was taken up.

Third reading of a bill to amend Sections 1442 and 1445 Civil Code, relating to granting of charters and incorporations. Passed.

Second reading of a bill relating to the identification and registration of male Chinese in the Hawaiian Islands. The bill was read by its title only. After a short discussion the bill was ordered to be special order of the day for Monday.

Second reading of a bill to regulate the sale of intoxicating liquors. Mr. Kaulukou moved it be indefinitely postponed.

Mr. Dole spoke in favor of the bill for about five minutes in the English language, and afterwards nearly an hour in Hawaiian.

The Attorney General said the honorable member had stole a march on him, by speaking only five minutes in English, and nearly an hour in Hawaiian, but he hoped to be even with him in two years time. He would second the motion to indefinitely postpone. The ayes and noes were then taken on the motion to indefinitely postpone with the following result:

Ayes.—Gibson, Neumann, Kapena, Parker, Kuihelani, Bush, Kane, Kaulukou, Kean, Lilikalani, Baker, F. Brown, Amara, C. Brown, Kaulia, Aholo, Richardson, Gardner, Kamakele, G. Brown, Kaunamano, Palohau, Kypilhea, Nakaleka. Total, 24.

Noes.—Cleghorn, Wilder, Isenberg, Mott Smith, Judd, Walker, Martin, Macfarlane, Kalua, Kanealii, W. O. Smith, Nawahi, Hitchcock, Kaulukou, Kaulane, Nahinu, Pilipo, Dole, Rowell. Total, 19.

The House adjourned at 4 p. m.

THURSDAY, MAY 22.

The House assembled at 1 p. m. After prayer by the Chaplain, the minutes of the preceding day were read and approved.

Mr. Kamakele presented a petition that employers shall not compel their employees to work in rainy weather. Laid on table.

Mr. Gardner, that a girls boarding school be built in the district of Hana. Referred to Committee on Education.

Mr. W. O. Smith asked the Minister of Finance to produce his report in reply to a resolution passed last week, relating to currency. The Minister said in reply he had not received any official notice of the resolution passed.

Mr. Smith asked the Secretary whether he had forwarded the resolution.

Secretary Pierce said he had not presented it personally, he may have written it out, and would look it up.

President Rhodes said that as the Hon. C. R. Bishop had left the Islands for a short time there would be a vacancy in the Education Committee. He would ask Mr. Isenberg to be Chairman of that Committee, and Mr. Widemann serve on the same Committee until the return of Mr. Bishop.

Mr. Hitchcock gave notice of a bill to amend Chapter 44, Session Laws of 1882, regulating the sale of spirituous liquors.

Mr. Dole read first time a bill to regulate the currency. Referred to Currency Committee.

Mr. Kaulukou gave notice of a bill to amend the law relating to cruelty to animals. On suspension of the rules the bill was read for a first time.

Mr. Cleghorn moved the rules be suspended and the bill read a second time by its title. Carried. The bill will be printed and then referred to a special committee.

Mr. F. Brown read, first time, a bill to amend Section 38, 45 and 47, Chapter 43, of the Session Laws of 1882, relating to internal taxes. Passed to second reading.

Mr. Keau gave notice of a bill to prohibit the sale and peddling of fruits about the city.

Mr. Kaunamano, a bill to amend Section 27 and 28, Chapter 41, Ses-

sion Laws of 1880, relating to the construction of railroads.

Mr. Nahinu, a bill to amend Section 387, 389, 390, 394, 395, 396 and to repeal Section 388, 391, 392 of the Civil Code relating to the Konoiki sea fisheries.

Mr. Rowell, a bill to amend rule 14 of the rules of the House.

Mr. Dole, Chairman of the Judiciary Committee reported that the bill relating to the supposed illegal election of Representative J. M. Kaulukou, be indefinitely postponed. The Committee did not think the evidence they had obtained, sufficient to cause the election to be illegal.

Mr. Kaulukou wanted to know why the Committee had not summoned witnesses as in a former case.

Mr. Dole said that in the former case the petitioners wished for witnesses to be summoned, if a thorough investigation is needed in Kaulukou's case the Judiciary Committee should be instructed to obtain witnesses.

Mr. Dole reported from the same Committee that the petition from Hanalei relating to the election of Representative Palohau, be indefinitely postponed. Report adopted.

Mr. Cleghorn inspector of immigration presented his report for the past biennial period.

## STRAY CHINAMEN.

On three successive evenings entrance has been effected to the upper story of houses in Nuuanu Avenue while the family was down stairs, by a Chinaman. On the first occasion access was gained from the branch of a tree which overspread the upper verandah, the man was seen by a little child only who was too frightened to move or speak. On Tuesday, however, he tried another house where a lady saw him, snatched up and fired pistol which sent John sliding down the verandah post. The police being notified were on the alert last night, but so also was John who wisely staid away frightened probably by the experience of the night before.

Perhaps these occurrences may tend to strengthen the hands of Mr. C. Brown in the Legislature, and induce the Committee of thirteen to arrange for improving the efficiency of police, even to the unwonted extent of patrolling the high roads within a mile of the Station House.

## GRAVE ROBBERY.

EDITOR BULLETIN:—You do a service to many a bereaved one in calling attention to the robbery of flowers from graves in Nuuanu Cemetery. In that Cemetery there is a little grave which I visit regularly, to decorate with the flowers the little darling beneath loved so dearly in life, and often these flowers are removed or destroyed by some ruthless hand. If people will persist in being so cruel and dishonest, is there no law by which they can be punished, and made to keep their hand from picking and stealing?
